**MEMORANDUM OF AGREEMENT  
BETWEEN PM ABRAMS  
AND  
HEAVY COMBAT COMMODITY BUSINESS UNIT, U. S. ARMY TANK AUTOMOTIVE  
AND ARMAMENTS COMMAND (TACOM)**

SUBJECT. TAP Support for the M1A2 SEP Cold Region Test

1. This MOA describes Team Armor Partnership (TAP) support for the Cold Region Test (CRT) of the M1A2 SEP tank. This test will be conducted at the Cold Region Test Center (CRTC), Fort Greeley, Alaska. The CRT will start on 1 Oct 02 and end on 31 Mar 03.
2. TACOM will provide forward supply support for the CRT from the TAP Facility located at Ft. Hood, TX. CRTC test personnel will operate a PM Abrams provided DSESTS for testing of unique LRUs and SRUs used on the M1A2 SEP Tank.
3. The TACOM managed TAP items authorized for propositioning to support the M1A2 SEP CRT are identified below. CRTC test personnel will process all Class IX replenishment spare part requisitions, regardless of priority, through the normal retail supply system.
